9:00 am-12 noon **Perfect Points & Curves Class**

12-12:45 pm Lunch

1:00-4:00 pm **Perfect Points & Curves Class**, continued

For more than 30 years, as a quilter and several years as a shop owner, Ohio-based Penny Haren has been developing and teaching techniques that make it quick, easy and fun for quilters—even beginners—to create heirloom quality quilts with stunning results. As a member of the Creative Grids® team, she has developed several rulers and worked with nationally known designers as they “gave birth”

to their creations. She has also written several books with Landauer Publishing based on her technique, Pieced Applique which eliminates y-seams; insert points and curves from even the most complicated blocks. Penny consults with and writes the newsletter for Checker Distributors, the most diverse distributor of books, patterns, notions and fabrics in the quilting industry.

Friday Classes

Bust Your Stash with Creative Grids®, Class One
Play before you pay. All rulers and fabrics are provided so you can make four to five different blocks – and learn additional techniques – in a fun and easy class. Learn how to organize your stash so it becomes the foundation of your next heirloom quality quilt! \$10 kit fee to be paid to the instructor.

Bust Your Stash with Creative Grids®, Class Two
Work with five different rulers, as you make new blocks. With the right tools, you can bust that stash in a matter of minutes. Create blocks that include fudge factors so beginners to experts can sew them in a matter of minutes. Note: Different rulers will be used in Class One and in Class Two. It's not necessary to take Class One first. All the fabric and rulers are provided with a \$10 kit fee.

Friday Dinner and Truck Show

Confessions of a Stash Buster and the Rulers That Changed Her Life

A trunk show of multiple quilts using each ruler will inspire you to think scrappy!

Saturday Class

Perfect Points & Curves based on Penny Haren's Pieced Applique™ Book

Learn tricks to make it possible to piece perfect four-patches, nine-patches, pinwheels – and the correct way to set a block on point. Then learn how to add pieced appliqué to these blocks to turn ordinary into extraordinary! In this six hour class, make four different 6" blocks while you learn four techniques – and a multitude of quick piecing methods. All of the fabric and templates will be provided so you can begin sewing immediately! The book by Penny Haren is required for the class. \$10 kit fee to be paid to the instructor.
